THE MARKETS.

OFFICE OF THE BUFFALO EXPRESS, } TUESDAY, June 8—4 P. M. }

FLOUR—During the week closing this evening the receipts of flour by lake have been 74,241 barrels. There is no material accumulation here, however, the greater part being shipped through by rail. The market has ruled very quiet with no speculative demand, and transactions confined entirely to small lots to supply the immediate wants of the local trade. There is no disposition to force sales by sacrifice. The downward tendency noted a few weeks since is checked by the decline in millfeed, upon which many mills have depended for their margins during the past Winter and the early part of the present season. The following are the current quotations for small lots. For round lots these figures would be somewhat shaded.

Spring, City Ground, No. 1	$ 6 00@$6 25
" " No. 2	5 75@ 6 00
" Western, fair to good	5 75@ 6 25
" " bakers	6 75@ 6 87½
White Winter, stan'd br'ds	7 50@ 8 00

WHEAT—The total receipts by lake during the week ending this evening are 973,700 bu; the shipments by canal are 422,521 bu. There has been a fair inquiry during the week under review for No. 2 Chicago and Milwaukee Spring, and a moderate milling demand for Ohio amber. The sales of the week aggregate 108,650 bu. Prices have declined about 2c since our last weekly review, notwithstanding a reduction of elevating rates to ½c per bu. The sales to-day are 27,000 bu Racine Spring per sample on p. t.; 15,000 bu No. 2 Racine at $1 24; 15,000 bu No. 2 Chicago at $1 24. 1600 bu Ohio amber at $1 30.

CORN—The receipts of the week under review have been 556,821 bu; the shipments by canal 142,118 bu. The market has ruled quiet and inactive, with transactions restricted by the uncertainty as to condition. The corn crop of 1868 was greatly inferior in average quality to that of the previous year, and a small portion only is inspected as No. 1. Most of the corn is sold by sample at prices governed by quality and condition. The aggregate sales of the week are 166,000 bu. The following is about the average range of quotations:

Good kiln dried	73@74c
No. 1 certificated	71@72c
No. 2 certificated	70c
Sound uninspected per sample	68@69c
Unsound, per sample	58@66c

OATS—The receipts are 259,100 bu; shipments by canal 114,305 bu. The market has ruled quiet and firm, with a fair inquiry. To-day the market is dull, inactive and nominal at 69c, with no sales reported.

BARLEY—The stock at this point is very limited, and the demand light. Canada is nominal at $1 60@1 65.

RYE—Continues to rule inactive and lifeless. No. 1 Western is held at $1 20, with no sales.

MILFEED—Steady at the decline. Western and city rule quiet at $19 50 for coarse and $22 for fine per ton. For finished middling there is no inquiry. Sales to-day 20 tons Canada fine at $20.

OATMEAL—Firm at $10 00 for choice Canadian.

SEEDS—The active season is over and the stock held here is very light. Timothy is dull and nominal at $4 00; medium clover at $8 25@$8 50; Hungarian at $1 60; flax at $2 75@$3 00.

CORNMEAL—Dull. Selling in small lots from mills at $1 40 for coarse and $1 50 for fine, ₱ 100 lbs. from new corn.

PEAS—Steady, quiet and unchanged. Common Canada sell in car lots at $1 20@1 25; choice in lots at $1 30@1 35; marrowfats at $2 50@3 00.

BEANS—Dull, inactive and nominal at $2 50 for good medium common.

PROVISIONS—The market is firm and advanced. All articles are firm at quotations:

Pork, heavy mess, per brl	$32 00
Pork, light mess, " "	31 00
Hams, sugar cured canvassed per lb	20c

FISH—All kinds of salt and dried fish are firm and scarce. White are quoted at $8 25. Trout, per hf brl, $6 25@6 50. George's Bank cod are a shade easier at $7 50@7 75 per 100 lbs; mackerel, mess, brls $34; hf brls, $17 50; kitts, $4 12½; selected, brls, $33; hf brls do, $17; kitts do, $3 87½; extra, brls, $30; do, hf brls, $15 50; do, kitts, $3 75; No 1, brls, $28 50; do, hf brls, $15; do kitts, $3 25; No 2, brls, $21; hf brls, $11; kitts, 2 80; Yarmouth bloaters, $2 50 per 100, counted out. Halibut, 14c. Labrador herring, $11 00 per brl.

BUTTER—With liberal receipts and fcid abundant throughout the country butter has declined, and the tendency is toward still lower prices. Ordinary Western is dull and weak at 26@28c; good State dairy in full supply at 29@30c; prime do at 30@32c.

CHEESE—Weak and unsettled. At the opening of the present season the market was nearly bare of old stock and the new make was readily taken at full prices as fast as it was ten days old; the young cheese going at once into consumption. The active demand sustained the extreme prices. But the retail trade is now well supplied, while the daily make is largely increased by the improvement in the condition of pasturage. Buyers are holding back and waiting for the new make to ripen before stocking up heavily. In the meantime the stock is rapidly increasing at the factories and prices tend strongly downward. Prime factory in jobbers' hands is quoted at 19¼@20c; common farm dairy, 16@17c; prime do at 18c.

EGGS—Plenty and dull at 18@19c per dozen.

POTATOES—Are dull and flat. The supply is largely in excess of the demand and they are almost unsaleable at any price. During the week under review one lot of five car loads were sold at 20c per bu, but this was an extreme case. Occasional small lots of prime peachblows have brought 30@35c per bu, but buyers are scarce at these figures.

DRIED FRUIT — Apples 15½@16c. Peaches, peeled, are quoted at 34c; raspberries 45c; plums 35c.

LEATHER—Dull and unchanged. Best Buffalo slaughter at 34c; second quality at 32c; damaged at 21@25c. Buenos Ayres wet salted at 32c.

HIDES—Green calf higher at 20c per lb. Other qualities unchanged at 9c for green and 12c for dry; descons 75@$1 00. Sheep pelts 75c@1 25 for country and $1 25@2 00 for city butchers'. Sheared pelts at 25c.

FOREIGN FRUIT—Firm at $7 00 per box for lemons and $9 50 for oranges.

COAL—Anthracite rules steady at the recent advance, and is selling at the following prices per 2000 lbs, delivered; Lump and stove $8 50; grate $8 15; egg and chestnut, $8 25.

CANAL FREIGHTS—Under the influence of the heavy arrivals of grain canal freights have advanced. Shipments were made this afternoon at 13½c for wheat and 11½c for corn to New York. At the close carriers were asking ½ to ⅝c higher. Lumber to Albany $5 50 for pine and $6 75 for hard wood; staves to New York $2 25, with a tendency upward.

RAILROAD FREIGHTS—To Albany—flour, 52c; 4th class, 25c. To New York—flour, 60c; 4th class, 30c. To Boston—flour, 70c; 4th class, 35c. To Philadelphia—flour, 60c; 4th class, 30c.

NEW YORK.

Ashes—Unchanged.

Cotton—Firmer and more active. Sales of 3200 bales at 31c for middling uplands.

Flour—Receipts 7755 brls.
